

Please note that Gnowee endeavors to provide Gnowee users with as many full, published guidelines as possible. However, providing published guidelines is subject to copyright laws and regulations. Only copyright-free guidelines or those with journal consent for distribution are available for inclusion in Gnowee.

If full guidelines are not available copyright-free, Gnowee will provide a link to the website or journal, if possible, at which the full publications can be viewed or purchased.

The guideline you have selected for viewing is not available for distribution.

Orlando, A. et al. The Italian Society of Gastroenterology (SIGE) and the Italian Group for the study of Inflammatory Bowel Disease (IG-IBD) Clinical Practice Guidelines: The use of tumor necrosis factor-alpha antagonist therapy in Inflammatory Bowel Disease. Epub Sept 2010.

PubMed Ref: 20843756
